Whale World

Whale World is an internationally unique attraction, taking visitors on a journey through the site of Australia's last operating whaling station. Visitors have the freedom to explore an actual whaling ship, stand on the actual flensing deck and watch as actual cookers spin into action. An experience not to be missed!

Whale World provides a free guided tour with every admission and effectively brings together the past with the present-day with fully immersive state-of-the-art technology recreating the dramatic sounds and images of the old whaling station. A gun blast followed by a cloud of smoke and the camaraderie between two whalers awakens visitors to the audio re-enactment of a whale chase upon the Cheynes IV, and the journey begins...

A SpectraVision unit displays 'A Day in the Life of a Whaler' through the captivating projection of miniaturised people and three whale oil storage tanks converted to theatres now feature entertaining presentations including the world's first 3-D animated whale film and a multimedia show. The world's largest marine mammal painting collection and a spectacular skeleton exhibit, boasting the state's largest Pygmy Blue Whale skeleton on display, also add to the attraction.

With over 25 captivating exhibits, not forgetting the whale themed children's playgrounds, Whalers Galley Café-Restaurant and Mobies Souvenirs, Whale World prides itself on being an over three hour enlightening experience and Albany's number one attraction.

Discovery Bay's Walk on the Wild Side

Discovery Bay's Walk on the Wild Side houses over 300 animals across 30 species of Australian Native Fauna. Specialising in mostly rare, endangered and protected species of Australian Native Fauna. Situated at Whale World it's a short walk through the Wildflower walk to get to Walk on the Wild Side.

An opportunity for visitors to get up close to these rare and endangered animals which you may never have the chance of seeing these animals in the wild. Species include the Woylie which was just put back onto the Federal Protected Species list, Koalas, Reptiles, Spotted Tail Quolls, Eastern Quolls, Wombats, Bettongs, Bandicoots and many more.

Operating hours:

Whale World is open daily (except 25 December) from 9am to 5pm.

Walk on the Wild Side Day Viewing is open daily from 9am to 4pm (except 25 December)

Walk on the Wild Side Nocturnal Tours are operated when a booking is made.

Guided tours:

Whale World: A private guided tour is provided for your pre booked group. Please confirm with the Bookings Coordinator to schedule the time and date of your arrival and tour in order to secure your group booking rate. Tours are provided as part of the admission to Whale World. The Whale World guided tour runs for approximately 30 to 40 minutes, then you are welcome to view all of the attractions in your own leisure, with students under supervision.

Walk on the Wild Side Day Viewing: Day Viewing is a self guided attraction.

Walk on the Wild Side Nocturnal Tour: is a professional guided Nocturnal Tour, a 2 to 3 hour experience.
