

## Activities on offer

**Bare Bones Fisheries Science – The Guts and Glory!** Get up close and personal with a fish dissection and learn why Fisheries scientists dissect fish and what can be learnt from examining their structures. Try your hand at determining the age of different fish! **1 hour**

**Life's a Beach Discovery Walk** Join us to discover the wonders our oceans leave washed up in their wake. Identify and learn to classify different organisms, whilst also investigating the impacts human have on our oceans and beaches. **1 hour**

**Tales of a Whales Tail** Ever wondered what a whale eats for breakfast? Learn some whaley cool cetacean facts and make your own whale or dolphin sand sculpture – there may be prizes! **1 hour**

**A Sealer's Pup** Life could be tough for sealers as well as the seals they hunted. What would it have been like to live on the Flinders Peninsula back then? Learn all about being a sealer's pup and make a toy to take home. **1 hour**

**Astronomically Amazing Albany** Join the Great Southern Amateur Astronomy society on a mystical tour of the heavens, set in the spectacular surroundings of the Discovery Bay amphitheatre. As the sun sets enjoy a BBQ (*Gold Coin Donation, bookings required for catering purposes*). **2.5 hours**

**Yolanda Youern Bobtail Lizard** Don't wait for the eggs to hatch with Yolanda the shingle back lizard. Be surprised by her babies as you meet real lizards and watch their antics. The program uses elements of song, dance, games, puppetry, stories and a variety of hands on activities, allowing children to learn interesting aspects of wildlife habits and biology. **1 hour**

**Noongar Knowledge** Discover the rich tapestry of Noongar Aboriginal life and culture around Albany. Find out about the six seasons and what foods each of them bring, examine tools and artefacts and treat your ears to didgeridoo music. **1 hour**
